

College Champions Needed to “Adopt” Graduating High School Senior Needs Lists for College

This year, Agape has been privileged to work with 15 seniors attending Martin Luther King Achievement High School in Frayser. Nine of these youths are part of the original cohort of students that Agape began working with during their 9th grade year.

All 15 are graduating, have applied to and been accepted to college, conquering one of the largest hurdles of their young lives.

For most of these young people, this is a family first, which often means that neither the student nor the family know what tools are necessary for a successful college experience.

College success depends largely on preparedness and readiness for the college experience. To celebrate these young people, we are going to host a “Trunk Party” at the end of summer. This will be a time during which we can shower these young people with some of the necessary materials for success at college, as well as answer any questions they might have, and offer some advice.

How Can I Help?

“Adopt” a high school senior’s needs list in order to help them prepare for college

When Are Donations Needed?

By July 31, 2017

How Do I Get a Needs List?

Contact Lori Humber, Volunteer Director, 901.323.3600 or lori.humber@agapemeanslove.org

All donors are invited to attend the trunk party at the end of the summer during which we will supply these much-needed materials to the rising college freshman!
